PEOPLE KNOW OUR PRODUCTS

Founded in 2003 and headquartered in the City of Industry, California, Tecsun Building Products has become one of the leading manufacturers and distributors of flooring in California. Tecsun provides high quality flooring made with the latest fashions to meet all types of different styles of home decor. We offer an extensive line of laminate, hardwood and engineered luxury vinyl flooring that will complement your home for years to come. Over the past ten years, Tecsun has been dedicated to delivering quality products and outstanding customer service to our customers nationwide. Our designers and quality control teams help produce a beautiful yet durable floor. To this day, Tecsun continues to expand in an extremely competitive market by providing an honest product, a wide variety of colors, at a price for all styles and budgets. We make quality you can stand on!

We understand the importance of creating a safe environment for our family and friends. Every one of our floor options supersedes the local and national emissions and quality standards. Tecsun floors are made with an exquisite balance of beauty, character and strength with preservation of our natural resources in mind. We not only test our flooring products from the production lines of china but also conduct tests in the U.S. We spare no expense at making sure our flooring options meet required standards like EPA TSCA Title VI and CARB 93120 Phase II compliant, Lacey Act Compliant and that our distribution facilities meet OSHA requirements. We take pride when our floor meets quality standards like NWFA, NALFA and or Floor-score.

AMERICAN TRADITION

COLLECTION

*Captivating, Rustic,
yet Charming*

Sunglow Hickory M406F ▲

The American Tradition collection gives a warm, charming and welcoming feel to your home. Its native species and rustic features complement the tasteful scraping. Each plank possesses beautiful natural knots and distinct grain patterns that

balance the hand scraping which is done artistically to guarantee a natural flow. The American tradition collection will always have its place in the future of home fashion and decor.

Catskill MTN. Hickory M0420F

If you prefer a classic look, go with natural unstained wood or traditional shades of brown, such as chestnut or walnut stains.

Fall Harvest Birch M409F

HERITAGE

COLLECTION

Finely Handscrapped

Radiant Acacia M301F ▲

Installation- Tecsun's engineered wood floors are developed for use over concrete slabs, they can also be nailed down over a wood subfloor, the same way you would install a solid hard wood floor. Appropriate grade for installation: On grade, above grade.

Construction-Tecsun's engineered wood floors use a 2-mm to 3-mm-thick veneer of real wood or bamboo over structural plywood, making it more environmentally friendly, more structurally stable, easier to install and a cost-effective choice without losing the beauty and warmth of real wood. Tecsun's engineered wood floors can be professionally sanded and refinished if needed.

LAMINATE

Enjoy exotic flooring trends like textured wood with new laminate flooring designs from Tecsun at an affordable price. Laminate is remarkably realistic and exceptionally durable, much more resistant to staining, scratches, wear and fading than hard wood. Whether you want embossed, distressed, or handscraped textures, you're sure to find all the latest trends in this brochure.

BORA BORA

COLLECTION

Peaceful Perfection

Tropic Sand BB1801 ▲

Tecsun's Laminate floors are made from high-density fiber or wood particles with a laminate overlay that is designed to look like real wood. A clear, hard layer is placed on top, giving the laminate floor its durability. Laminate flooring is a great choice when you want the beauty of hardwood without the cost and maintenance.

VINYL

The Splendor and Eminence Collections are designed with the latest vinyl flooring technology. The top vinyl layer is infused to a solid waterproof core that creates a versatile flooring plank. The click lock system is built into the core making the installation glue-less. You'll notice these planks are more sturdy and rigid than your traditional vinyl plank. Both collections are made with 100% virgin PVC and are

coated with a UV Coating to ensure the right balance of safety, beauty and durability your home deserves. The vinyl top looks almost 3 dimensional, the plank's surface looks like a real piece of wood with vivid colors, grains and textures. Adding a waterproof floor with real wood looks to your home is something to be excited about!

SPLENDOR

COLLECTION

Superior Constructions

Acapulco ST3101 ▲

The Splendor collection offers a new waterproof core made with the latest technology and realistic designs. With the combination of these wood patterns and realistic textures you can add a distinctive character to any room and compliment your choice of decor. This collection is durable and easy to install with our innovative locking system, which is

designed and tested to last for decades with minimal maintenance. Splendor collection is 100% waterproof and less expensive than you think. Get the natural look of a real wood floor with the versatility of using liquids to clean and maintain it. Plus, it's suitable for kitchens, bathrooms and laundry rooms.

Florence EM3201 ▲

The Eminence Collection is our premium Rigid Core flooring. It retains a luxurious look for decades by combining the strength of stone and the beauty of wood with realistic three-dimensional replication of natural looking wood planks. Other benefits of this flooring are resistances to fading, peeling, cupping, indentations, pet stains, odors, liquids and mildew. The Eminence Collec-

tion flooring is constructed of 6 layers which are: clear UV coating, durable wear layer, top PVC layer, the rigid core, lower PVC layer and IXPE underlayment. It is considered the new generation of floor covering featuring extreme stability and high performance. It is formaldehyde free and is a completely safe floor covering material for both residential and public environment.

Roma EM3205
A moderately embossed surface creates a convincing wood grain look and feel, and a matte finish adds a subtle modern sense to a classic surface on every board. This makes them great for any room for your home.

LUXURY RIGID CORE FLOORING

The Luxury Rigid Core Flooring beauty and durability starts from within its core. The fusion of stone with Virgin PVC creates an extremely durable waterproof core (SPC) that can withstand common household moisture from bathrooms, kitchen and pets. The UV coatings protect and maintain the vivid colors, grains and textures. For your safety,

the anti-microbial padding is attached to provide additional protection against mold or mildew that can grow beneath your floor. All these elements ensure the right balance of durability, beauty, and safety for you and your family. Bring back the fashion and excitement of flooring with a peace of mind your home deserves.
